EuroBLECH2018 (Germany): AIDA Exhibition at the 25th International Sheet Metal Working Technology Exhibition

In October, AIDA ENGINEERING, LTD., and its Italian subsidiary AIDA S.r.l. will be presenting a joint exhibit at the EuroBLECH2018 International Sheet Metal Working Technology Exhibition in Hanover, Germany.

Over 1500 companies from over 40 countries will again be exhibiting their advanced technologies. As before, AIDA is planning to exhibit in a large 400 m² (25m x 14m) booth in order to strengthen AIDA brand recognition in Europe.

Exhibition: The 25th International Sheet Metal Working Technology Exhibition

<https://www.euroblech.com/2018/english/>
