Notice Regarding Unauthorized Access and Postponement of Financial Results
Announcement for 1Q FY2026

Aida Engineering Ltd., ("the Company") identified an incident on July 6, 2026, that may have involved unauthorized access to its systems at its locations in Asia. We are currently taking measures to prevent any further impact on our headquarters and other locations, while investigating the scope and cause of the incident with the assistance of external cybersecurity experts and other specialized organizations. This incident has caused a delay in our financial closing procedures at our locations in Asia. Consequently, we have decided to postpone the announcement of our financial results for 1Q FY2026, which was originally scheduled for August 7, 2026. We currently expect to make the announcement in late August 2026. Accordingly, the announcement is expected to be made more than 45 days after the end of the quarter. Details are provided below.

Details

1. Overview of the Unauthorized Access Incident

On July 6, 2026, we detected unusual activity within the systems at our locations in Asia and immediately commenced an investigation. Subsequently, it became apparent that the systems may have been subject to unauthorized access. We therefore implemented measures to prevent further impact on our headquarters and other locations and engaged external specialists to conduct a detailed investigation. Based on the investigations conducted by these specialists and our own verification efforts to date, no leakage of customer information, business partner information, or other data has been confirmed within the scope currently verifiable.

2. Impact on Business Operations

At present, our business operations, including those at our locations in Asia, continue as normal. New orders, product shipments and other business activities are being conducted as usual, and no significant impact on customers resulting from this incident has been identified.

3. Reason for the Postponement of the Financial Results Announcement

The Company is giving the highest priority to confirming the facts surrounding this incident and assessing its impact. As a result, we expect that the quarterly financial closing procedures and the finalization of financial figures at our locations in Asia will require more time than usual. Accordingly, we have decided to postpone the announcement of our financial results for 1Q FY2026. We do not expect any impact on the financial closing procedures at our headquarters or other locations.

4. Future Schedule

We plan to announce the financial results for 1Q FY2026 in late August 2026. Accordingly, the announcement is expected to be made more than 45 days after the end of the quarter.

We are also assessing the impact on our business performance. Should any matters requiring disclosure arise, we will promptly provide an update.

We sincerely apologize to our shareholders, investors, business partners, and all other stakeholders for the considerable concern and inconvenience caused by this incident.
